Swim Cruise 2025

Designed *to* Dominate

Step into **Swim Cruise 2025**—a bold, curated edit designed to set your brand apart. Inspired by proven best-sellers and trends leading into 2026 and beyond.

Add your custom-branded logo, heat-pressed inside each piece, and style it with classic accessories to make the collection uniquely yours.

Once you've selected your styles, choose from recycled **REPREVE®** (USA) or Vita by **Carvico** (Italy)—an **ECONYL®** + XTRA LIFE LYCRA® blend. Saltwater and chlorine resistant, UPF 50+, ultra-soft, and body sculpting.

Requesting Samples

Ready *Designs*

You may or may not make samples. If you are requesting our ready-to-order designs, as they have all been pre-patterned and graded to international body sizes, many brands opt to skip sampling and move directly to bulk, saving both time and money in the process.

The choice is always yours, to make or not to make.

You may also request changes to any design. For example, you can adjust the coverage of a bikini bottom to make it more Brazilian or request a top with more or less cleavage, etc.

All we require is a front and back screenshot, clear line drawing, or tech pack, along with notes of each edit.

Cost: \$30 per pattern edit.

Ready designs can be purchased directly from [our shop](#) or by adding their codes to a [sample request form](#). Your selected styles will be produced exactly as shown in our catalogue, in your chosen colours and prints.

Custom *Designs*

When opting to produce custom swimwear samples, you need to get them **priced first**. With prices in hand, add our codes to this **form**, informing us which fabric, colours, or prints you want, via [email](#) or [WhatsApp](#).

Pricing & Profit Tips

- Get pricing sorted early on. With prices in hand, you'll be ready to place your order whenever you're ready, as well as be able to estimate landed costs, helping you calculate retail prices and profit margins.
- Aim for at least a 3.5X markup on wholesale prices. For example, a swimwear one-piece @ \$20 often retails for \$99, with bikini tops & bottoms @ \$13 each, retailing in the region of \$59 to 89 USD each.

MOQs

Ready-*to*-Order Designs

300 pieces per PO, 30 per style, 3 pieces per size & colour.

Example Order: 5 bikini tops & 5 bottoms and a one-piece swimsuit in 4 colours, often with one print.

Custom Designs *or* Mix & Match Orders

400 pieces per PO, 40 per style, 3 pieces per size & colour.

Example Order: 5 bikini tops & 5 bottoms and a one-piece swimsuit in 4 colours.

Selecting Fabrics & Colours

We offer high-quality recycled fabrics imported under a tax-free exemption. This allows us to price your collections lower than others in Bali who rely on locally sourced materials. Our fabrics come from world-renowned suppliers, including Carvico and ECONYL® from Italy, and REPREVE® from the USA—each made from reclaimed fishing nets, plastic bottles, and post-consumer waste. All fabrics are chlorine-resistant, UPF 50+, sculpting, and incredibly soft.

You can choose from over 85 trending colours we keep in stock for immediate use, helping you avoid delays from overseas imports. If the colour you need isn't in stock, we import them by air weekly. Custom colours arrive in 70m rolls, must be used entirely in your bulk PO, and generally take around four weeks to arrive.

See the Stock [Fabrics and Colours](#).

Selecting Stock *Colours*

With the largest selection of imported stock colours in Bali—over 85 trending options—we can begin cutting your order immediately when you choose from our stocked range. This helps speed up production and lower costs. For custom colours, we import in 70m rolls, which must be used in full and added to your bulk PO, taking approximately four weeks to land.

Requesting Colours *not* In-Stock

If your desired colour isn't among our stocked options, we can import it in 70m lots. Just make sure to discuss any custom colour or print requests with our team before finalising your order.

Adding Digital Prints

Premium quality digitally printed swimwear is our specialty. We print on American recycled REPREVE®—a luxuriously soft, eco-friendly fabric. Thanks to its colour depth, stretch, and durability, it's ideal for achieving vibrant, long-lasting prints.

Note: Its faster to print than plain dye, making it a smart and efficient option for many brands looking to add a unique look to their collection.

Fabric *Swatch* Packs

A budget-friendly way to explore our fabrics before committing to samples. Includes real fabric swatches, matching laser-copy colour cards, and a selection of quality swimwear accessories.

Placing Orders

Option 1: *Ready-to-Order Designs*

- Browse the collection below taking note of the codes for the styles you want to work with.
- Choose your fabric, colour, or request a digital print.
- Fill out the [order form](#) with quantity per size.

Tip: All styles have been pre patterned ready for production.

Option 2: *Custom Designs*

- Send your own custom creations as front and back screenshots or clear line drawings or tech packs.
- Add notes on any changes required, such as, coverage, more cheeky or more coverage.
- Label each design with a code. e.g. Top Miami 001

Option 3: *Mix & Match*

Just send your custom designs along with the codes of the ready styles you'd like to combine them with. We'll guide you on how to bring them together into one seamless collection.

Need Help Formulating Your Order?

Some brand owners struggle to match designs and colours with our MOQs. Its normal, so just reach out.

Schedule a Callback Today

Speak to a specialist in our swimwear division. Schedule a [call-back](#) and find out if we are a good mix.

Your swimwear will arrive custom branded with your unique logo, (included in our price). Also, we never add surcharges.

Accessorizing

Elevate your swimwear with custom metal clips, signature charms, and luxe logo details that exude sophistication and exclusivity, effortlessly justifying premium pricing.

Our metalwork is meticulously crafted from high-quality zinc and electroplated for enduring brilliance—resistant to rust, tarnishing, or pitting. Choose from five refined finishes—gold, rose gold, gunmetal, white, and silver—to complement your designs with a flawless, luxurious touch.

Custom Branding

Branded designs **boost visibility**, increase sales, and drive larger reorders. We source high-quality branded accessories overseas and apply your logo to **heat presses, hygienic liners, metal fasteners, packaging**, and more. Since branding is essential before production, we recommend finalizing it during sampling to avoid delays.

Artwork

For custom branding, including heat press logos and accessories, we require vector-format graphics in AI, EPS, SVG, or CDR (300 dpi, repeatable, and to scale). High-resolution Raster images (JPEG, PNG, or PDF) are acceptable if vector files are unavailable.

Important: If you want samples with custom heat-press branding, we need your artwork and layout before sampling begins.

Need help? Our expert graphics team can assist with logos and layouts, often free of charge.
