READY-TO-CUT COLOURS

Starting a swimwear brand is one of the most exciting things you'll do. Finding the right manufacturing partner is the decision that makes or breaks it.

Swimwear Bali has been producing premium swimwear for over 30 years, supplying brands across the USA, Australia, and 20+ countries worldwide. We know the silhouettes that sell, the fabrics that last, and exactly what it takes to build a collection your customers come back for season after season.

- 
- Italian and US premium fabrics in 100+ colours — held in stock and ready to cut
- 
- End-to-end sampling and production in our own facility — shipped worldwide via DHL
- 
- Transparent pricing from day one — no surprises, no surcharges, no hidden costs
- 
- Whether you're start-ups or an established brand, we'll make it happen.

# From idea to *your door*

*Simpler than you think*

Every style in this catalogue has been designed, patterned, graded to international sizing, and fit-tested for fit and how the piece moves on the body. You're starting from a proven, production-ready base — not from scratch. Check our [Size Guide](#) before your first order to confirm the fit works for your market.

## STEP 01

### Build Your Collection

Head to our [shop](#) and choose your styles. Every piece in this catalogue is available to sample in any plain colour from our 100+ in-stock range — no waiting for fabric, no import delays. Want a colour we don't carry? Let us know during your enquiry, and we'll look into sourcing it for bulk — custom colours aren't available at sampling stage but can be arranged for your bulk order.

Prefer to mix in your own custom designs? See [Custom Designs page](#) for how that works.

## STEP 02

### Order Your Samples

Purchase your samples directly from the shop. Samples are produced in your chosen style and colour, and shipped to your door via DHL Express — reaching most global destinations in 3–5 business days. Allow 7 to 14 days to produce and dispatch.

## STEP 03

### Confirm Your Order

Happy with your samples? Get in touch with our team via [email](#) or [WhatsApp](#), and we'll send you our bulk order form. Once complete, we'll confirm your all-inclusive pricing — no surcharges, no surprises.

## STEP 04

### Bulk Production

With your order confirmed and invoice settled, we move straight into production. With stock fabrics and pre-graded patterns, your completed bulk order can be on your doorstep in as little as 4 weeks — individually packed, labelled, and ready to sell.

Not sure where to start or how to place your order? [Get in touch](#) — we'll walk you through everything.

# Fabrics & Colours

Performance Italian and US fabric

## 01 Carvico Vita

## 02 Carvico Sumatra

## 03 Carvico Pantelleria

## 04 Eco Lustra

Every fabric in our range is sourced from either Carvico, Italy's leading performance swimwear mill or REPREEVE in the US — engineered for exceptional stretch, sculpting support, and lasting resistance to chlorine, saltwater, and UV. Available in **100+ in-stock colours** with no MOQ on stock options, so you can build as wide a colour range as your collection demands.

### CARVICO VITA

78% Nylon + 22% Spandex · 190gsm

An ultra-smooth matte finish with a sculpting, second-skin feel and exceptional shape retention. Outstanding resistance to chlorine, sun, oils, and pilling — colour stays rich, and structure stays flawless, season after season. A timeless foundation fabric for any swimwear collection.

### CARVICO SUMATRA

80% Nylon + 20% Spandex · 190gsm

A high-shine charmeuse with a glossy, liquid-like finish and ultra-smooth hand feel. Lightweight with strong 4-way stretch, delivering flattering coverage, sculpting support, and exceptional chlorine and UV resistance. The fabric your customers will reach for when they want to stand out.

### CARVICO PANTELLERIA

85% Recycled ECONYL® Nylon + 15% Spandex · 210gsm

A premium textured fabric with a soft, ribbed 3D finish that adds depth and visual interest. Sculpting and comfortable, with excellent shape retention and durability — superb chlorine and UV resistance in a fabric that looks as good on land as it does in the water.

### ECO LUSTRA

76% Recycled Nylon + 24% Spandex · 185gsm

A silk-like shine with a velvet-smooth touch — soft, sculpting, and fluid on the body. A refined, elevated finish with every movement, in and out of the water. Built from recycled nylon for brands whose customers care about what their swimwear is made from.

Not sure which fabric is right for your market? Order a **Fabric Swatch Pack** and get real samples shipped directly to your door.

# Adding Your Own *Custom Designs*

*Your vision. Our expertise. One great collection.*

Every style in this catalogue is a starting point, not a ceiling. Want to tweak a silhouette, add a design detail, or build something entirely original? Our sampling team specialises in custom swimwear and is set up to handle exactly this.

## **Getting a price is straightforward.**

Send us front and back screenshots, tech packs, or clear line drawings. Note your chosen fabrics, colours, and any fit details. Send via [email](#) or [WhatsApp](#).

We'll come back with an estimate within 2–3 business days. Once you're happy with the estimate, we'll confirm your final all-inclusive price and move into sampling from there.

### **Mixing custom designs with catalogue styles?**

Add your style codes to the same brief — we'll handle it all together.

# Minimum Order *Quantities*

## READY-TO-ORDER STYLES

**4**  
pieces per size & colour

A typical first order might include 2 bikini sets, 2 tops, and 1 one-piece across 4 colours and 3 sizes — enough variety to give your customers a real choice and a strong foundation to build your reorder strategy from.

You can select styles from more than one collection, in any fabric or colour.

# Branding & Accessories

*The details that make a brand.*

## LOGO BRANDING

A custom heat-press label is applied to the inside back of every article as standard. Your logo can also be applied to liners, fasteners, and packaging — all sourced and applied in-house for consistency across your full order.

## HARDWARE & ACCESSORIES

High-grade zinc alloy hardware, electroplated for lasting brilliance. Available in **gold, rose gold, silver, white, and gunmetal**. Our stock includes metal charms, support cups, underwires, resin beads, and sequins — plus we're known for our appliqué and crochet edging work.

*Brands that add charms or signature hardware consistently outsell those that don't.*

*Submit your logo and heat-press artwork when you confirm sampling.*

## ARTWORK REQUIREMENTS

Vector format (EPS, PDF, CDR, SVG), high resolution, and to scale via [email](#) or [WhatsApp](#).

Our graphics team will help prepare or adjust your files, free of charge.
