

Heatpress & Label Order Form

We press your brand logo, washing instructing & sizing into the inside of each design. We operate a state-of-the-art heat press machine using compressed air, fully computerized ensuring will never flake or crack

MOQ 300 pieces – Free, Included in your estimate price.

Below some great templates you can select from.
We buy-in our Heat Press in sheets & press in-house.

Allow two weeks from your order to the day we can start manufacturing.

Best plan of action is to handle your heat press layout at the start or as soon as possible as we can't start production till your your layout has been approved.

Leaving your heat press or any branded work till after your order has started can cause some weeks more to be added to your production time line.

Heat presses are added to the cut fabric prior to production beginning.

V Important....your heat press logo.

Whatever your logo is, send it over & we will inform if suitable or not.
If not we will make some small edits to the thickness, for you to approve.

The logo for 'the bikini' features the words 'the bikini' in a thin, elegant cursive script. Above the text is a simple line drawing of a bikini top and bottom. The entire logo is set against a light yellow background.

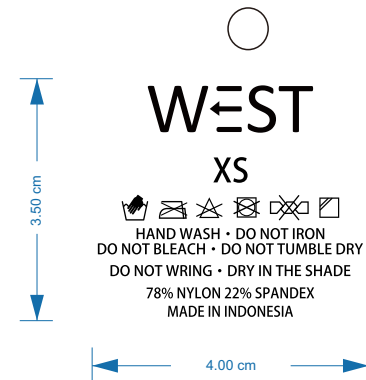

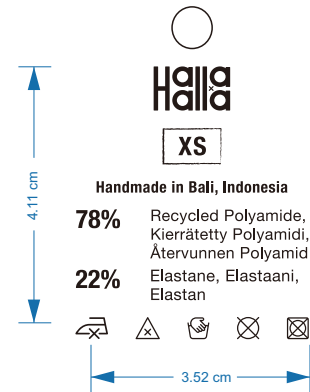

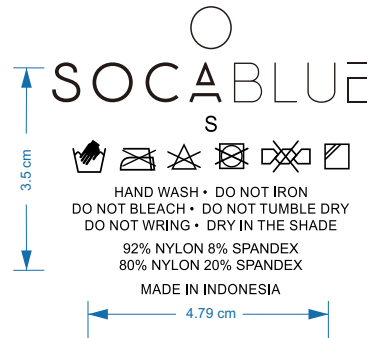

This logo font is a little too thin

This logo font is fine

3. Select your heat press size

Don't forget that if requesting Brazilian bottoms that the heat press size must fit. Make your selection. We can assist you if you need help.

5. Add your brand logo

We require artwork in high resolution Vector format (Ai, Cdr, PDF, Eps).

Once received, we check the placement & if required we reformat.

In one or two working days you will receive back your art work for approval.

6. Send to us via email get.started@kingtrading.com

NOTE: - If you require assistance then get back to us. In some cases, simple artwork in low resolution non-Vector can be redraw either free or for a small charge.

If your logo is complex & requires to be redrawn, price on request.
