Ready to Go Catalogue —

Our Collection

This Catalogue represents a collection of the best-selling designs we are currently receiving orders on, for delivery in early 2022. If any of our designs fit your brand ethos, then all we have to do is add a heat press in your selected fabric & colour to get you started in sampling or ordering direct to bulk. The branded heat press Logo will then be added to the back of each article & with your colour or print choices, making our collection individually yours.

You can read more on how to handle this simply & quickly on our [Ready to go Designs](#) page or our [Swimwear Buyers Guide](#).

If you want to see all styles in this Catalogue on the models? Check out our [latest video](#), shot in Bali in Sept this year.

How to Order

Ordering Samples

By far, the fastest way to get some samples in your hands is to select from our [Shop](#), all ready-made using Carvico Recycled Vita in size Small. This not only saves on some costs but also several weeks in sampling. Max 10 days from purchase.

If you want to see the actual samples in any other fabrics, colours or prints, then fill in our [Sample Request Form](#). Allow 3-5 weeks to receive.

In 2-3 working days, you will receive an invoice for you to pay & get started in your own sustainable Swimwear brand.

Ordering Direct to Bulk

As our 2022 Collection has been patterned & graded to International Body sizes using computerized 2D Auto Cad software & printers, as long as our size break fits yours, there is no need to sample. Some brands do & some don't. Should your sizing be slightly larger than ours, all we do is adjust our patterns digitally to make our grading fit yours. For example, you may request to make our size Medium become your size Small.

You can place your orders using our [Bulk Order Form](#).

Once received & all is clear, we will send you an invoice & book you into production.

Send your Sample or Bulk Orders Forms via [Whatsapp](#) or [Email](#)
