Ready to Go Designs

Your Own Brand in 4 Weeks

Our latest collection was assembled from known, best-selling shapes trending well into the summer of 2022, moving into Spring 2023.

If you would like to add some of our designs to your collection, simply keep a note of each code and the fabric you want them produced in, in plain or print. You can then add these codes to one of the links below to be sent to us.

You can find all the fabrics & colours available to select from [here](#).

[Email](#) your selected designs

[Bulk Order Form](#)

[Sample Request Form](#)

See our collection in video format [here](#).

Note

What you see in the video link above or the catalog below is exactly what you will receive.

Adding Custom Designs

Should you want to add your own custom designs to some of ours, please send your designs using the codes as a reference.

You can read more in Custom Designs & how to hand them over [here](#)

Take note that brands mark up 4.5 times our sell price on average.

For example, a Bikini top we sell for 13 USD will retail online for approx USD 59.

Producing Samples or Ordering Direct to Bulk?

Working directly to bulk has become more popular due to the speed at which orders get processed. If you're selecting from our stock fabrics, in most cases orders are ready for uplift four weeks from PO.

You only have to decide whether you wish to start off making samples or if you prefer to save time & money & move directly to bulk. Whatever way, your order will arrive in your fabric & colour & or print choice with your branded logo pressed into the inside back of each article, individually packed into bio-degradable bags

Working this way has to be the fastest, easiest, and most cost-effective way to get started into your own sustainable swimwear business working from home.

Take note when ordering directly to bulk; it's more than important to check our size guide in the link below.

See our International [Body Size Guide](#).

If you wish to see our designs sampled or add some of your own custom designs, then please refer to our sampling page for information on how we handle this.

Add 3-4 weeks to your timeline.

See our [Sampling Page](#)

Selecting Fabrics

Selecting the most suitable fabrics in the right colours will make our collection individually yours.

See all the fabrics on offer & colours you can select from and understand the difference between stocks & fabrics to be imported below.

All about fabrics [here](#)

Adding Custom Prints

Nowadays, the majority of brands select their digital prints from online vendors. This reduced this costly & time-consuming task to one that can be completed in one hour at the cost of no more than USD 30.

Allow 4 weeks to process & import any print

A Typical Order Example

To illustrate how you can create your own brand using our designs in your selected colours & or prints, see below.

For this scenario we selected four bikini sets, one one-piece & one coverup.

We then mocked them up in a hypothetical request of colours & prints.

The final set of images are the same as the selected designs shot on models.

Photo Shoot Out Come

This could easily be your brand with your selection ready for uplift in 4 weeks.

We hope that this example gives you a better understanding of how easy it is to create a sustainable swimwear brand from scratch to finish in the shortest amount of time at the lowest all-inclusive prices.

Take Note

To brand your collection, we require your logo, which we heat-press into the back of each item, along with your size guide and washing instructions.

Your logo will also be used to brand metal clips, hygienic liners, packaging & so on.

2 Ways to Work

We offer two ways to send over your selection of designs. With your codes in hand, we only require to know the fabric in plain or print, you want them produced in.

1. By far, the most popular way is to add your selected designs using our codes, adding any notes via our Bulk Order Form or Sample Request Form.
2. You can send over your selected designs, from our collection or your custom designs or a mix of both as screenshots, tech packs or links, again with any notes in a Word or PDF Doc as an Email or WhatsApp.

In 2-3 working days, you'll receive an invoice with questions answered. This invoice is only payable when you're ready.

Notes

1. We create patterns using digital 2D auto CAD software, far more accurate than paper patterns allowing minor changes to be made instantly.
2. Every style in our collection has been shot in size small.
3. Should you request any style made reversible, we add a tear-away label.
4. Almost any design can be modified, for example, the bottom of a bikini made more Brazilian-style, or to add more fabric for more cover-up, or to add wires and cups to a top.
5. You're only ever be charged the prices shown; no additional costs or surcharges will be added. *

* Custom branding & deliveries are chargeable.
