Branding Accessories Form

SWIMWEAR TICK BOX FORM

Please complete this form by selecting the blue box under the article you're requesting. You may select as many as you like to compare.

Once received, we will send you a complete mock-up in the correct size & colour you requested for your approval.

Custom Branding

Note

For any custom branding request, we require your artwork, logo & layout emailed over in Vector format (EPS, PDF, CDR, JPEG) in high resolution. Hand-drawn imagery is not accepted.

A major element finishing up any Swimwear collection must be in the quality of the accessories used & any custom branding added.

All accessories displayed below are imported from vendors we have worked with for many years, all of whom supply major international brands.

Allow three weeks to import any custom branded accessories.

If you're having issues, email our [communication team](#), & one of our graphics team will lay them out in a professional manner, in most cases free of charge.

Heat Press

All swimwear is now branded via a Heat-Press instead of fabric labels unless you're requesting reversible styles, where we sew in a cutaway satin label.

Samples – no minimum order

Production – 300 pieces.

As we require your Heat Press prior to cutting any order & can take several weeks to produce & land, make this a priority.

If you're requesting colours other than displayed, we require the [Pantone](https://tinyurl.com/3amksvf5) ref. For example, seeking Dark Blue, we found this. <https://tinyurl.com/3amksvf5>

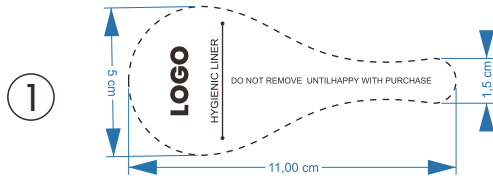

Hygienic Liners

Hygienic liners are added to the inside of each bikini bottom or one-piece.

They come in either clear plastic or light brown recycled paper.

Note. Brazilian bikini bottoms can only use Code 4

Metal Accessories

Metal accessories are produced using zinc alloy due to its quality & hand feel, which we electroplate to ensure colours stay vibrant & never rust or pit. We suggest you inform your buyers to rinse swimsuits after use in cool water to ensure the metal doesn't tarnish. Chlorine is far worse than saltwater, to note.

Metal Mold fee USD 170

MOQ – 1,000 pieces.

Price according to size on request.

Available in five colours.

Avani Bags – No MOQ

TEvery article is packed individually into a biodegradable bag made using 100% cassava root.

Cassava, being edible, means once discarded in a landfill or your garden & will decay to organic matter in a day or two.

Custom branding MOQ 10,000 pcs + \$150 metal cylinder fee

10 cents per bag

Comes as seen below.

Biodegradable Zip-Lock EVA bag - MOQ - 1,000 pcs

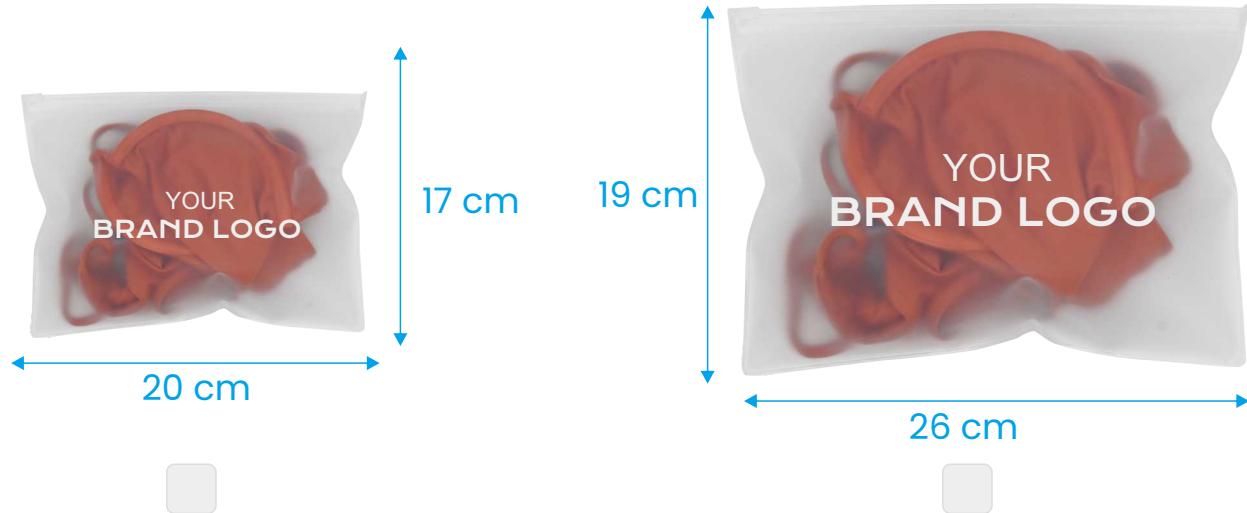

Available custom branded one side one colour produced using EcoPure®, an organic additive causing the plastic to biodegrade through a series of chemical and biological processes in any landfill over a year.

Available in frosted or clear.

We offer two sizes.

One side one colour print 20 X 17 cm USD 1.30

One side one colour print 19 X 26 cm USD 1.50

Natural Fabric Drawstring Bags – MOQ 300

Comes custom branded one side one colour.

Most natural fabrics bags are made from woven cotton as drawstring bags.

One side one colour print 22 X 26 cm USD 1.50

One side one colour print 25 X 35 cm USD 1.80

Custom sizes, prices on request.
