Producing Samples or Direct to Bulk?

Even though all designs are patterned to international body sizes & have been checked, fitted on a Fit Model and graded from size XS up to 3XL, some clients still request to see the actual samples. If that's you, then that's OK. We charge two times our estimated price, plus a USD 30 management fee per style, all-inclusive to the finished articles, adding our stock accessories. For example, a bottom priced at \$12 USD, will be charged at $2 \times \$12 + \$30 = \$54.00$.

Allow 2-3 weeks extra for the samples to be produced. However, selecting to skip sampling & place orders directly to bulk is now far more popular due to the speed of producing orders, not to mention the savings.

Selecting from our stock fabrics, from the day you approve our prices in 4 weeks, your order will be packed in biodegradable bags, ready for dispatch.

When ordering direct to bulk, you are advised to check our [Body Size Guide](#)

If selecting colours or prints to be imported, we require an additional 2-3 weeks.

[Contact our team](#) to get your selected designs priced or ask any questions.

2 Ways to Work

Once you have selected your designs, take note of the codes & the fabrics, colours & or prints you want them produced in.

1. **Selecting from our Ready to Go Designs** Send over your order via our [Bulk Order Form](#) or [Sample Request Form](#)
2. **Adding some of your own custom designs with ours** – Fill in the form as above & then send your custom designs as screenshots, tech packs or links with any notes in a Word or PDF Doc via [Email](#) or [WhatsApp](#)

Mocking up your selected designs

Once you have made a payment, we mock up your Collection free of charge.

For the scenario below, we selected four bikini sets, a one-piece & two coverups.

These were then placed on a 2D model in some hypothetical colours & prints.

Being able to see your selection of designs, colours & or prints in virtual 2D allows you to visualize more clearly, what your final Collection looks like on.

Selecting Fabrics

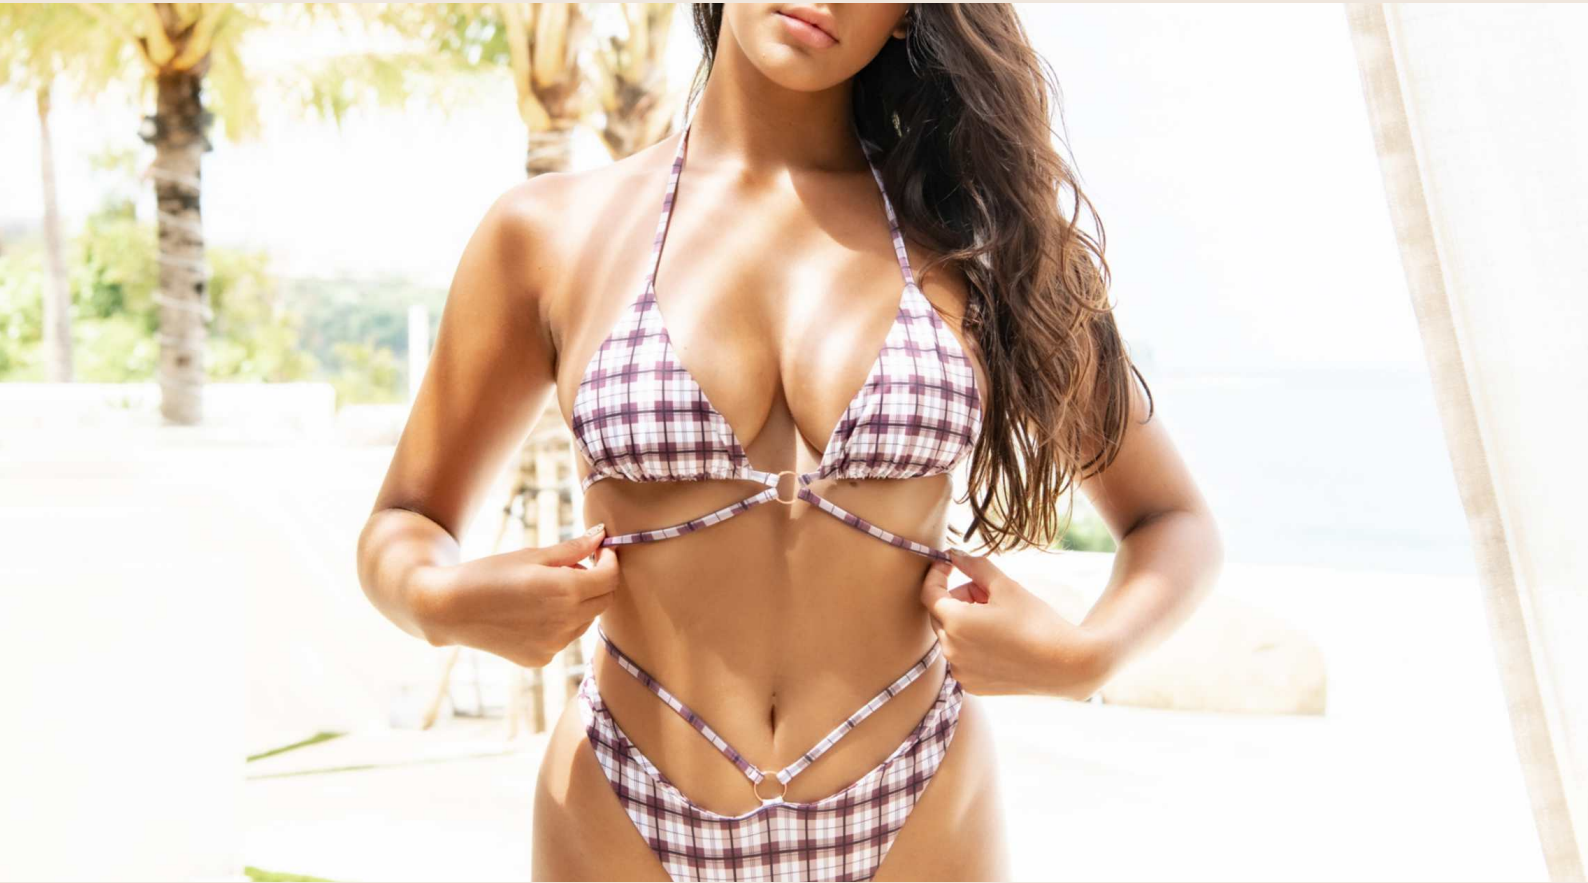

One of the most important decisions you'll make will be your selection of fabric & colour or your decision on print. As we always hold in stock approx. 50,000 meters of the latest trending colours, selecting from our ready dyed in-stock fabrics, is the most popular way to work.

Any colour not held in stock can be imported via weekly flights to Bali.

We suggest purchasing a [fabric pack](#) to feel the textures & flexibility of all of our fabrics, or simply request a call back with one of our specialists to assist.

Adding Prints

Adding custom prints to a swimwear collection is something we handle for many of our clients. We offer a true digital print service on super soft Nylon REPREEVE™ using [Italian MS machines](#) due to the colour saturation being true to eye, colours deeper & richer in tone that never fade or wash off. Allow 2 to 3 weeks to process & land.

However, if you're short on time and looking for a speedy solution, we print via sublimation in Bali using VITA PL/ECONYL®, recycled Polyester from Carvico.

Only requires 2-3 days, whether samples or bulk, to process.

Note

Most brand owners purchase prints online, reducing a task that's both costly & time-consuming to one that can be completed in one hour at a minimal cost.

Read our section on how to add custom [digital prints](#)

Notes

- You'll only ever be charged the prices shown; no surcharges added.
- Only Custom branding & deliveries are charged in addition.
- Bikini sets can be ordered as seen or as a mix.
- Should you request any style made reversible, we add a tear-away label.

Dispatch & Delivery

We dispatch your samples via FedEx or DHL. Both couriers arrive daily at our office, picking up & dropping off packages. Allow 4-7 working days to your door.
