

2023 Ready To Order Collection

Your Own Brand in 4 Weeks

Our Collection of ready-to-order designs was assembled from the best-selling shapes of 2022 and what's moving & trending well into the Spring of 2023. If you're looking for some insight into design & shape, then this is a great place to start.

Once we have selected your designs, in the colours & or prints, you can send them over using this [form](#).

As soon as you're ready, we can start on your samples.

The first thing we do is add your brand Logo via a heat press into the inside back of each article, making our Collection individually & uniquely yours.

Notes

- Any design can be produced in any fabric, colour or print, with the possible combinations virtually limitless.
- Should you request alterations, like making a bum coverage more moderate or cheeky, adding cups, wires, etc., in most cases, we can accommodate.

- If you select your designs from our Catalogue and choose your colours from our stocks, orders are being readied for dispatch in just four weeks. This has to be the fastest way to get up & running in your own sustainable swimwear business.
- We require your branded Logo to heat press each article as soon as you are committed to working with us.

You can see most of our designs shot in our Campaign [Video](#)

Our next Collection is still under wraps, in final sampling, to be released middle of August. [Send us your email](#) & write, "Love to see the August 2023 Collection" in the header, & you're receive the Collection on the release date.

Producing Samples or Direct to Bulk?

Even though our designs are patterned & graded to international body sizes and checked on a Fit Model, some clients still require to see the actual samples. If this is you, then no worries. We charge twice our estimated price, plus a USD 30 management fee per style. For example, a bottom at USD 12, is charged at $2 \times \$12 + \$30 = \$54.00$. When you place an order for our ready-to-go designs, we credit back the management fee.

Allow an extra 2-3 weeks to produce samples.

If you feel confident with our Catalogue imagery, then skipping sampling & moving directly to a bulk PO is far more popular due to the time & money saved in sampling.

Take note always to check our [Body Size Guide](#)

.

[Contact us](#) to price your selected designs or request anything unclear.

Selecting Fabrics

One of the most critical decisions will be the fabrics & colours & or prints you select to make your designs in. As we keep 50,000 meters of the latest trending colours in stock makes, selecting from our colours has become the number one choice for many start-up brands on smaller budgets. Saying that it's also quite common to see new brands select one or two colours or prints to be imported.

Colours not in stock are added to our weekly flights into Bali.

See the [huge array of fabrics](#) in stock & those we can import. As selecting your fabrics without feeling what's available can be tricky, we suggest [purchasing a fabric pack for \\$65](#), which includes one real fabric swatch of each of the fabrics on our website & corresponding laser copy could cards.

Importing fabrics come in rolls of 70m & have to be used in total in your bulk PO

Adding Prints

We notice brands who add prints to their collections are gaining a faster foothold in the market. This could be for several reasons. Firstly, prints for 2023 are back on trend. Also, we are the only company in Bali offering a digital print service on Nylon; all others only offer a sublimation print on Polyester, never as soft as digital on Nylon, & colours nowhere near as true to the eye. Digital print colours never fade or wash off. Allow 2 to 3 weeks to process

Purchase prints online can reduce a task that's both costly & time-consuming to one that can be completed in one hour or so at a fraction of the cost.

Read how to add [amazing prints for a few dollars](#) in a few simple steps.

Lastly, if you're short on time and looking for a speedy solution, we print via sublimation in Bali using VITA PL/ECONYL®, recycled Polyester from Carvico.

Requires 2-3 days, whether samples or bulk.

Pricing your designs, either ours or yours

1. Selecting from our Ready to Go Designs - Send over your order via our [Bulk Order Form](#) or [Sample Request Form](#)
2. Adding some of your own [custom designs](#) to some of ours, send over as screenshots, tech packs or links with notes added in a Word or PDF Doc via [Email](#) or [WhatsApp](#)

In 2-3 days, we'll get back to you with your prices & any questions answered.

Mocking up your selected designs

Once you have paid, we mock up your Collection free of charge.

For the scenario below, we selected four bikini sets, a one-piece & two coverups.

These were then placed on a 2D model in some hypothetical colours & prints.

Seeing your designs, colours & prints in virtual 2D allows you to visualize, more clearly, what your final Collection will look like.

Notes
