# READY TO ORDER COLLECTION

[www.swimwearbali.com](http://www.swimwearbali.com)

# YOUR BRAND IN 4 WEEKS

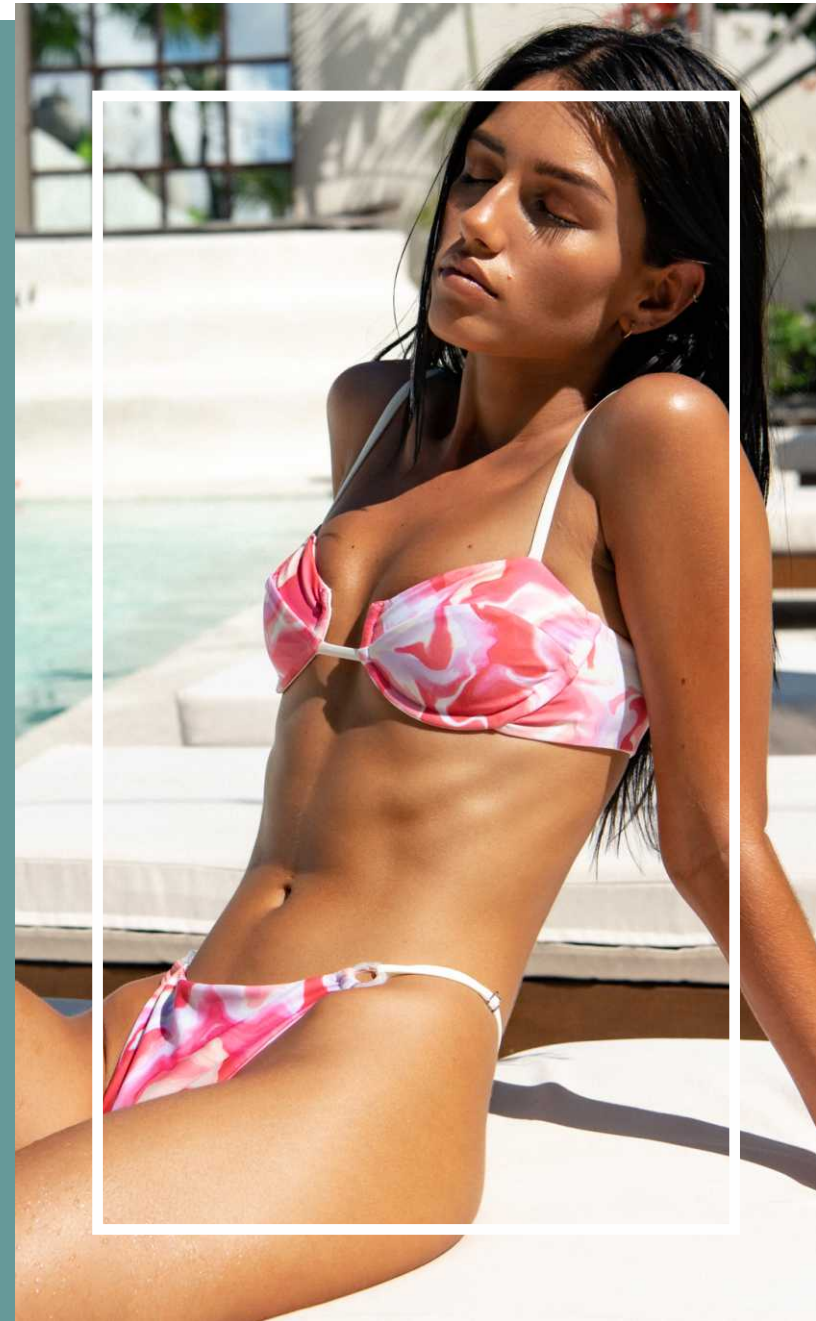

Our Collection of Ready-To-Order Designs was assembled using some of the bestselling shapes of 2022, as well as our knowledge of what's trending well into the Spring of 2023.

To make our Collection individually yours, we simply need to add a branded heat press logo to the inside back of each article. After you have gone over our styles & have selected the designs you love, you need to decide on what fabric & colours &/or prints you want them produced in.

Each design is patterned and graded to [international sizes](#) and fitted on a professional fit model. What you see in our catalogue is what you will receive in the colours &/or prints you requested.

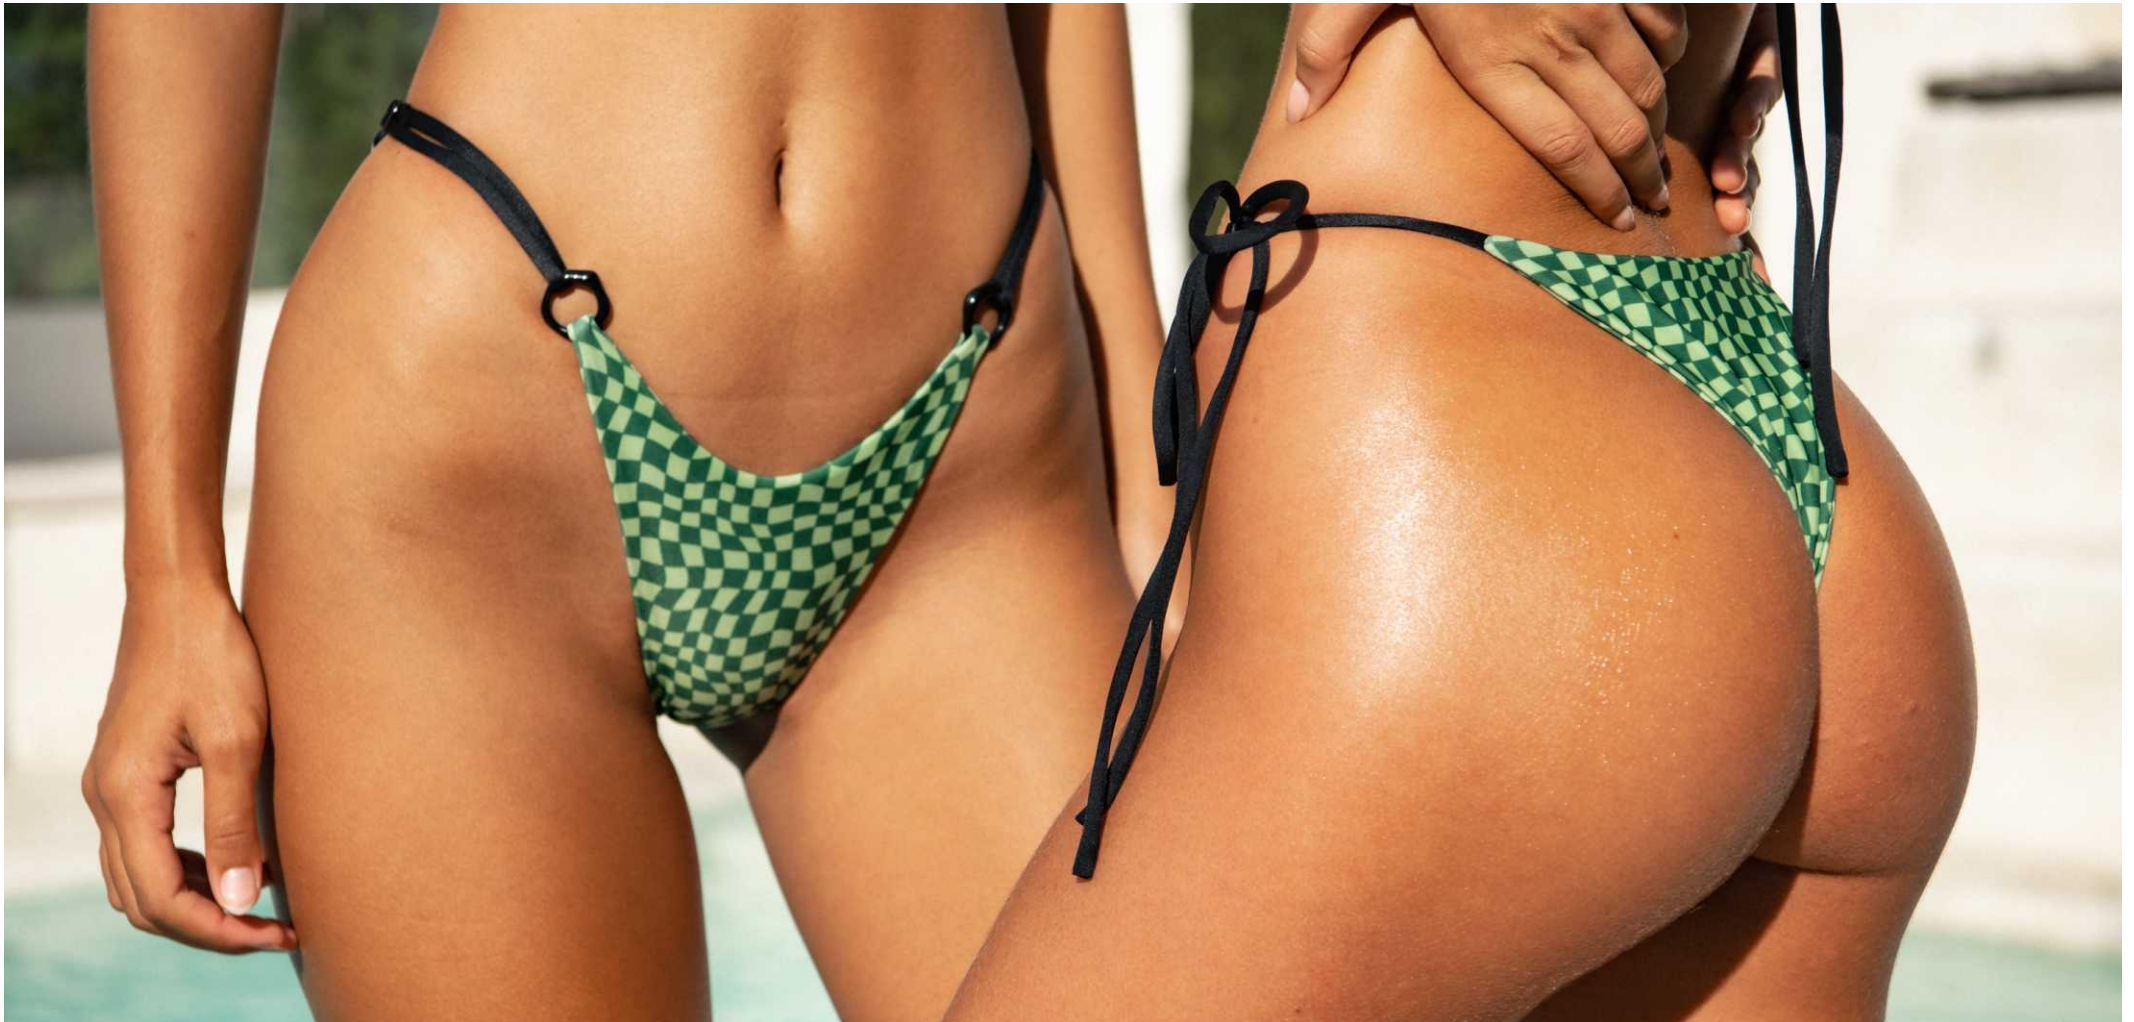

If you're seeking inspiration in designing your Collection, this is a great place to start.

You can see most of our designs shot in our [Campaign Video](#)

- Any design can be produced in any fabric, colour or print, making the possible combinations virtually limitless.
- Should you request alterations, like making a bum coverage more moderate or cheeky, adding cups, wires, etc., in most cases, we can accommodate.

# PRODUCING SAMPLES

Even though our designs have been carefully checked to international body sizes, some clients still [request actual samples](#)

To produce samples, we charge twice our estimated price, plus a USD 30 management fee per style.

For example, a bottom at USD 12, is  $2 \times \$12 + \$30 = \$54$ .

Once you place your bulk PO, we credit back your management fee.

## DIRECT TO BULK

Selecting to skip sampling & place orders directly to bulk is far more popular due to the speed of producing orders, not to mention the savings. This has to be the fastest possible way to get up & running into your own sustainable women's swimwear brand.

A woman with long dark hair, wearing a black string bikini, is sitting on the edge of a swimming pool. She is leaning back against a white stone wall, with her eyes closed and a serene expression. The pool water is clear and blue, and a metal ladder is visible in the background. The scene is set outdoors in a bright, sunny environment.
