

A photograph of two women standing in a swimming pool. Both women are wearing bright red swimwear. The woman on the left is wearing a red strapless tube top and matching red bikini bottoms. She is looking directly at the camera. The woman on the right is wearing a red one-piece swimsuit with a gold ring detail at the bust. She is looking down at her hands, which are cupped together in front of her. The pool water is clear and blue. The background shows a stone pool deck and some trees.

SWIMWEAR CATALOGUE
AUTUMN WINTER
2024

INTRODUCTION

Our ready-to-order AW 2024 collection is a selection of our best-selling designs and our knowledge of what will sell well in 2024 and beyond. Your selection of designs produced in the colours or prints of your choosing and a custom-branded logo heat-pressed to the inside back are sure to make any collection as iconic as any you care to mention.

We priced designs in plain colours using Italian Carvico® Vita, produced with ECONYL® recycled yarns. For custom prints, we priced in American REPREVE® Hawaii, an incredibly soft, body-enhancing fabric produced from post-consumer nylon waste. Printing digitally produces outstanding colour saturation. Both fabrics offer UPF 50+ ultraviolet and chlorine protection with 4-way stretch, with superior body-sculpting properties.

In addition, you may choose to use Italian Carvico® Sumatra, with a silky hand feel similar to charmeuse, and Italian Carvico® Pantelleria, ideal for creating elegant body shapes with a luxurious hand feel similar to velvet. Finally, we offer incredibly soft and slinky 100% recycled lurex with a superb metallic shimmer similar in hand feel to lingerie fabric.

If you want to know the hand feel & texture of each fabric, purchase a [Fabric Swatch Pack](#).

REQUESTING SAMPLES

To request samples, all we require are the codes for the styles you love in what fabric. CUSTOMIZING OUR DESIGNS

Upon receipt of your bulk PO, we heat press your custom-branded logo to the inside back of each article. We also add your branded logo to hygienic liners, packaging, metal bikini fasteners, etc.

Please ensure artwork is provided in Vector format, EPS, PDF, CDR, SVG or Ai 300 dpi resolution, repeatable and to scale. If you find this complex, share what you have, and our graphics team will review and advise accordingly.
